Re: TC Number 3903

Your application for Pollution Control Tax Credit Certification has been determined complete and filed as of November 25, 1992. The application is now ready for processing. Unless you are further notified by the Department, the application will be presented to the Environmental Quality Commission (EQC) within 120 days of the filing date. A notice and copy of the staff review report with Department recommendation will also be mailed to you seven (7) days prior to the scheduled EQC meeting.

In addition, the EQC requires that all tax credit applications over \$250,000 be reviewed by an independent accounting firm. DEQ will hire an accounting firm, and you will be contacted directly by them when they are ready to conduct their review. If you have any questions, please contact me at 229-6385, extension 242.

Sincerely,

George F. Davis
Regional Engineer
Northwest Region
